

# JOHNSON TARBUTT LANDFILL CHANGES

3860 Government Road

Summer Hours in effect from April 1 to September 30

Wednesdays, 12:00 to 7:00 pm and Saturdays, 9:00 am to 5:00 pm

## LANDFILL CHANGES Starting the week of Wednesday, April 9.

New bins are now in place for household waste. Rather than filling the bunker, household waste will be deposited into the square bins backing onto the building. Non-household waste such as construction materials, furniture, and large items that are not recyclable will be placed in the large bin alongside the raised ramp for scrap metal. The filled containers will be shipped away from the site in an effort to extend the life of the landfill and save it from filling up.

**PLEASE USE THE LANDFILL STICKERS PROVIDED BY YOUR TOWNSHIP** when entering the site. These stickers indicate that you have landfill privileges. If you have not received a sticker, please call your local township office to have one sent to you.

**THE LOADING RAMP FOR SCRAP METAL AND LARGE, NON HOUSEHOLD ITEMS WILL BE EXTENDED** to allow more room to back up and turn around. Until this work can be done in the spring, please bear with us.

Your patience is greatly appreciated.

**Black Bags are not permitted for any use.**

**Please use clear or white bags for recycling.**

**All plastic and metal recycling should be bagged.**

**REMEMBER,**

at all times, **BE KIND** to Landfill Attendants, drive with caution, separate your waste, and ask the Attendants for help when in doubt.

The **Household Hazardous Waste** site in Sault Ste. Marie is your disposal site for paint/paint products, microwaves, batteries and hazardous materials. **And its FREE!**

Open for the Season: April 19 to October 22, 2022

*These items are not permitted at our landfill BUT ARE ACCEPTED at 402 Fifth Line East (City Hazardous Waste Site).*

*Antifreeze, brake fluid, oil filters, household cleaners, medication, nail polish, kerosine, solvents, vitamins, syringes, paint thinner, motor oil, oven cleaner, glue, fluorescent light bulbs, energy efficient light bulbs, bleach, adhesives, aerosol cans, pesticide/herbicide, etc.*
