Roasted Maple Carrot Soup

Ingredients

- 900g / 2 pounds carrots (about 5 large carrots)
- 2 tbsp maple syrup
- 1 red onion
- 4 garlic cloves
- 1.25 litre / 5 cups vegetable stock
- 1/2 tsp ground coriander
- 1/2 tsp ground turmeric
- 1/4 tsp chilli flakes*
- Cracked black pepper

Instructions

1. Pre heat oven to 200C/400F.
2. Cut carrots into 1 inch chunks and place on a baking tray. Drizzle with 2 tbsp olive oil and generous amount of cracked black pepper and salt. Place in the oven for 40-50 minutes until soft through. Add maple syrup and toss in the last 15 minutes. (Carrots do take a while to roast until soft so you can't rush this step. They will take around 50 minutes until tender. Don't be tempted to blend them before because you won't get a smooth soup.)
3. Whilst the carrots are roasting heat 1 tbsp olive oil/vegan butter in a saucepan. Fry finely diced onion for a few minutes until softened.
4. Add finely chopped garlic, fry for a minute then add the coriander, turmeric, chilli, good sprinkling of cracked black pepper. Fry for 30 seconds.
5. Add vegetable stock and leave on a low heat until carrots are roasted. They should be tender and soft through.
6. Place all the ingredients in a blender (if you want super smooth soup) or use a stick blender if you like a bit of texture. Please let the stock cool down a bit if you are using a blender and do it in 2/3 loads if needed so the blender doesn't overflow with hot soup!
7. If you like it a bit thinner, you can add some extra water. Taste and season with salt and pepper (just be careful with the salt as some stock is saltier than others).
8. Return to the pan on a low heat until ready to serve. Top with some vegan cream, fresh herbs and some cracked black pepper. Serve with your favourite bread and butter!
9. Will keep well in the fridge for a few days or freeze well. Allow to cool fully before freezing.

Notes *You can add as little or as much chilli as you like. A 1/4 tsp chilli flakes should give it a nice warmth without being spicy but different brands can vary in spiciness.

All About the Ontario Photo Card

What is the Ontario Photo Card?

The Ontario Photo Card is a government-issued identification card that provides photo identification for Ontario residents who do not have a driver's licence.

Key Features:

- **Valid Proof:** Recognized as official photo identification across Ontario.
- **Long-lasting:** Valid for five years before renewal is needed.
- **Security:** Equipped with the same security features as the Ontario driver's licence.

Why is it Essential for Non-Drivers?

- **Daily Identification:** Whether it's picking up a package, verifying your age, or accessing certain services, having a photo ID is often required.
- **Banking & Financial Transactions:** Many banks and financial institutions require valid photo identification for account setup, transactions, and verifications.
- **Travel within Canada:** While not a substitute for a passport, the Ontario Photo Card is often accepted as ID for domestic flights and train journeys.
- **Social & Community Inclusion:** Participation in many community and social activities often requires a form of identification.

Who Might Benefit from an Ontario Photo Card?

- Seniors who no longer drive.
- Individuals who choose not to drive.
