October 2021

Report to Council:

Bishop Water arrived to begin cleaning the Lagoon on Monday, October 4th. I said before how impressed I was with our roads crew and what they accomplished in preparing the site, saving us easily a \$100K. When looking at the site, they also did an amazing quality job. Representatives from Bishop Water are pleased with the site preparation. The cleaning of the Lagoon will continue for several days.

I had a startup meeting with EcoVue, the planner doing our CIP (Community Improvement Plan) and Official Plan amendment. The consensus was, although the proposed suggestions for the Plan are in some ways unique and progressive to other similar plans, it is felt the process should move forward fairly smoothly and in a timely manner.

The Covid protocols for the arena are evolving. We have the Reopening Ontario restrictions and then APH have added a few, now Ontario is talking about making more changes. We can meet them, a bit of work on our end but once we have it all in place things should run smooth. Patti is working with the other two arenas to ensure we have some continuity in how we are dealing so that everyone will know what to expect. We have had to hire an Attendant / Screener to verify Covid vaccination proof at the door, etc.

The sale of two properties listed have been complete and I will be signing off on the deeds on Monday the 18th, for a third property that sold.

Henderson's have spent several hours cleaning the stove in the upstairs Kitchen. They have had to send out for different cleaning products and will return to complete the cleaning process. The kitchen has had some other cleaning done and it is hoped we can have time to repaint and finish cleaning before the first rental request for the Kitchen.

Work at the Boat Launch on the Hwy should begin shortly, the docks are coming out this week. Also, the street light upgrades will be happening over the next few weeks.

Sand/salt have been ordered and we will again this year put up here in the yard what we hope will be the amount of sand we need for the season, this will save money on the cost of the sand and also save having to leave the township to go to Bruce Station every time we need sand.

We plan to start the office renovations this fall as a first stage, and complete them next year. Funding was provided and is in reserves.

The NOHFC second stage funding information request was submitted and we have received positive feedback from the Ministry. This request was made under the NOHFC recreation funding program and is for \$275K for repairs to the arena.

We submitted the Trillium application for recreation funding for the arena, most all repairs that were identified in the Facility Report and also new metal for the exterior.

Insurance repairs are starting on the Gordon Lake Hall. The claim will result in extensive improvement to the Hall, thanks to the Gordon Lake Committee, Janet and Zahida for their assistance in dealing with this issue.

Roads Department

QUOTE:

Roads has requested three quotes for a Sander for the 3-ton truck (red).

- A sander on the 3-ton truck would allow crews to sand the dead-end roads that they plow with this truck and would not require the big truck to maneuver on these roads just for sanding.
- It would provide a second back up ability to sand in severe weather or if there was a mechanical issue with the big truck/sander.
- With the changes to winter weather we have far more ice and need to sand than in past years
- It would allow for ease of spot sanding where needed, parking lots, arena, hills, intersections
- One of the main purposes of the 3-ton with the snow plow blade is to check roads and be able to remove drifts without having to return to the garage and take out the snow plow truck. There is a lot of efficiency in being able to deal with drifts and ice during the road tours.
- This unit sits in the back of the truck and can easily be put in and taken out.

Roads department has looked at these units and their reviews and the recommendation for quality and reliability is to go with Rush Truck Centres.

Rush Truck Centres - \$16,934.00

Northern Powertrain - \$17,300.00

Rakers - \$13,055.00

Dear Council Members,

The Recreation Committee would love if each member of Council could volunteer their time at 1 of the 20 Public Skate Nights being held Friday nights from 6:30pm-8pm. We are searching for volunteers to:

- a. Take fees and welcome patrons at the door
- b. MC the evening skate with fun updates and activities

This would be a great opportunity to connect with members of the community and increase awareness of work the Township is doing for community members.

With Many Thanks,

Recreation

Event Updates & Outcomes

The 13th Annual ATV Poker Run, was held on Saturday, September 25, 2021. We had 66 people pre-register with the office, and a total of 85 people register with 68 bikes out on the trails. A total of 101 hands were played and 30 extra cards were sold. 74 of the people registered were new players or riders. The event raised \$2,675.00 with the winner of the pot taking home \$1,300. The largest prize yet. After expenses we raised \$1,139.53 for recreation.

The event was well received by the public, notable changes this year included going back to a single route instead of one long route and one short route. The single route was approximately 140km long. The feedback from riders and the Recreation Committee noted that removing the short route did not have a big impact on the event and we will continue with a single route for next year.

A review of the event with the volunteers and the Recreation Committee noted that next year we might consider capping the event, creating a cut off time, exploring a lottery licensing, bringing back the BBQ, and increasing the number of volunteers for the day of and the trail route set up.

Future costs to incur for the ATV Poker Run include the purchase of an Action Packer to store materials and for ease of use during set up of the trail route. Along with additional materials for the 2022 ride which should be minimal based on the leftover materials from the 2021 ride, and restocking supplies for the 2023 ride.

The 2022 ride is scheduled for Saturday, September 24 2022. The full report is available from the Events & Recreation Coordinator.

Upcoming Events & Activities

The Arena opens, Monday October 25, 2021 and ice time is now available for booking through the Arena Manager. The arena is rented at a flat rate of \$105/hour this year.

Adult Recreational Hockey League (JARHL) registration has now opened. The fees have increased this year to be a flat rate of \$400/player of \$4,800/team of 12 players. The previous fee has not been raised since 2008 and the increase makes us comparable to Sault Ste. Marie's men's leagues. Registration closes Monday, October 25, 2021, with league play beginning Monday, November 8, 2021. An all reps and interested members meeting was held at the hall above the arena on Monday, October 18, 2021 at 7:30pm.

Public Skate Nights will start up again every Friday night except for Holidays. Public Skate nights will run from 6:30pm-8pm at a cost of \$2/person or \$5/group of four, skaters under 5 are free. Notable changes this year include the addition of family safe music playing at each Public Skate night along with "themed

nights”, and an MC announcing activities throughout the night. Friday, October 29, 2021 is the first scheduled Public Skate night and will be themed as a Halloween Party. Skaters are encouraged to dress up and a kids Halloween costume contest will take place.

Big Buck Awards Ceremony is scheduled for Sunday, November 14, 2021. Registration closed September, 30 2021 with around 50 hunters registering for the contest. The Awards Ceremony will take place outside under the Pavilion to comply with Covid-19 restrictions. We are now asking for donations from area businesses that will be used as prizes for all registrants.

Pick-up Broomball will start up again every third Friday of the month following Public Skate night. Broomball will run from 8pm-9pm and cost \$2/player. Helmets must be worn and indoor shoes need to be brought to play. The first game takes place Friday, November 19, 2021.

Future Plans

Winter Trail/Park: To provide outdoor Covid-19 friendly activities this winter and increase the use of our recreational space we are exploring the creation of an outdoor activities trail. The trail would cover the grounds around the Community Centre, Tennis Courts, Baseball Field, and Soccer Field. We are exploring through an online pole if the Community would prefer a Skate, Snowshoe, or Ski trail.

Natural Playground: At the next Recreation Committee meeting we are starting to formulate a plan for the natural playground and what we can get started on in the spring.

Winter Activities Festival: The Winter Activities Festival planning will start shortly after the Big Buck Contest Award Ceremony.

Marketing & Promotion:

Facebook: To increase awareness about activities in Johnson Township the Johnson Township Recreation Facebook Page has undergone an update along with more regular communications. It may make more sense moving forward to host this as just a Johnson Township Facebook Page and include a larger variety of messaging from the Township.

Newsletter: The newsletter has undergone a few changes. The new Johnson Chronicle will go out monthly every 2nd Thursday of the month as a 4-page spread. Community members, groups, businesses etc. are encouraged to submit any information they want included by the 1st Thursday of the month.

Branding Kit: In the works based on the existing logo, a new branding kit to include colour codes, township font recommendations, letter head, and key messaging/slogans will be created over the coming months.

Signage: New signage is being explored for the Community Centre and along the Highway to promote the Township. New signs and way finder signs are going up in the Community Centre to bring a more professional feel to the space and make it more user friendly.

Advertising in Rink: We are exploring a plan to provide area businesses the opportunity to purchase yearly boards in the rink. This is prime advertising that is currently underutilized and will reach a wide range of Community members throughout the Algoma Region and not just Johnson Township.

Website: Now that the website is fully accessible we are working towards updating the look and feel to be a bit more user friendly and eye catching.

Agenda Item C3Date: 10-20-21

October 14, 2021

Dear Head of Council/Chief Administrative Officer/Municipal Clerk:

On behalf of the Ministry of the Solicitor General, I want to thank all municipalities, together with their multi-sectoral partners, that have taken steps towards developing, adopting and implementing their local community safety and well-being (CSWB) plans.

As you know, the ministry extended the deadline for the completion and adoption of CSWB plans to July 1, 2021, to provide municipalities with an additional six months from the original deadline of January 1, 2021. Since then, we have received an overwhelming response from municipalities regarding their CSWB planning progress. This includes the submission of completed and interim plans and status updates. To date, of the 372 municipalities required to prepare and adopt a CSWB plan, 95 per cent (356 municipalities) have plans that are completed or in progress.

The development and completion of these plans demonstrates municipal leadership and commitment to proactively addressing crime and complex social issues facing your communities. Municipalities are best positioned to work with local partners to develop effective community strategies and programs and create sustainable communities that respond to local needs and conditions.

At this time, we are encouraging municipalities who have not already done so, to please submit their completed CSWB plan or provide an update on their CSWB planning status to the ministry via the following email address: SOLGEN.Correspondence@ontario.ca. Additionally, as a reminder, municipalities are required to publish their completed plans online within 30 days of adoption.

As you may be aware, under the *Police Services Act*, the Solicitor General has the power to enforce the CSWB planning requirements by appointing a CSWB planner to any municipalities that repeatedly and intentionally fail to complete a plan, at the municipality's expense. However, our government recognizes that municipalities are currently facing unprecedented circumstances in their communities due to the on-going impact of COVID-19. We also understand that some municipalities may experience delays in their planning and engagement processes as a result of the pandemic.

Ministry staff will continue to look for ways to support our municipal partners to ensure they are able to meet their legislative requirements for CSWB planning. Where possible, municipalities are encouraged to explore alternative and innovative approaches to continue on-going planning efforts, such as through virtual engagement (e.g., webinars, teleconferences, online surveys, etc.).

Municipalities are also encouraged to continue to work with respective police services, local multi-sectoral partners, and community members on the development and implementation of local CSWB plans. Localized, community-driven collaboration remains key to the success of CSWB planning, given the focus on creating workable solutions that are grounded in and tailored to individual community needs and features.

If you have any questions about CSWB planning, please contact Shamitha Devakandan, Community Safety Analyst, Public Safety Division, at Shamitha.Devakandan@ontario.ca.

I greatly appreciate your continued efforts as we move forward on this modernized approach to CSWB together. It is by working together that we can truly build safer and stronger communities in Ontario.

Sincerely,

Agenda Item C4

October 7, 2021

Re: Proposed amendments to the Crown Forest Sustainability Act, 1994, Professional Foresters Act, 2000 and the Public Lands Act, Ministry of Northern Development, Mines, Natural Resources and Forestry included in the Supporting People and Businesses Act, 2021

Greetings,

On October 7, the Minister of Economic Development, Job Creation and Trade introduced the proposed Supporting People and Businesses Act, 2021 in the Ontario Legislature. As part of this Bill, the Ministry of Northern Development, Mines, Natural Resources and Forestry (NDMNRF) proposed legislative changes to three statutes. These proposed changes are intended to support the government's commitment to reduce regulatory burden on business, and modernize government to be simpler, faster, and more cost-effective, without compromising public health, safety and the environment. The proposed changes include the following:

Crown Forest Sustainability Act, 1994

Proposed amendments to the Crown Forest Sustainability Act, 1994 would enable streamlined authorizations for personal use harvesting, including fuelwood, building products and Christmas trees. These authorizations would be available once regulations are in place prescribing the terms and conditions that may apply to personal use harvesting. If these proposed amendments are enacted, the ministry will consult with the public, stakeholders and municipalities about any subsequent regulations proposed to implement them.

Professional Foresters Act, 2000:

Proposed amendments are intended to modify the scope of practice to better define what professional forestry is and reduce the overlap with other occupations (e.g., arborists, biologists).

Public Lands Act:

The proposed amendments to the Public Lands Act would:

1. Provide the Minister explicit authority to set, charge, waive, change, or refund fees related to the management, use or disposition of public lands to provide for a more efficient approvals process.
2. Provide the Minister explicit authority to make public lands-related decisions that currently rest with the Lieutenant Governor in Council (LGIC) to reduce the time needed for approvals.
3. Prevent the loss of public lands without the Crown's consent and for less than fair market value due to adverse possession by third parties, including providing the Minister with any necessary related authorities.
4. Allow dispositions or transfers of lands bordering water bodies where less than 25 per cent of frontage would remain public land to support Indigenous community interests, land claim settlements, and local community and economic development. These proposed amendments are not intended to significantly increase dispositions along water bodies and the ministry will still be required to undertake any applicable environmental assessment process and fulfill the duty to consult obligations, should they arise, prior to making any individual land disposition decision.

If the proposed amendments are passed by the legislature, they would improve clarity, customer service and reduce unnecessary burdens, resulting in a more effective and less time-consuming approvals process.

Additional information on all the proposals is also provided in the Appendix.

These proposed changes appear in the Supporting People and Businesses Act, 2021 that is currently before the Legislature. The Legislature will determine the next steps associated with the Bill. The following link provides additional details on the status of the Bill ([Bill 13, Supporting People and Businesses Act, 2021 - Legislative Assembly of Ontario \(ola.org\)](#)).

In addition, details regarding the proposed amendments to the Crown Forest Sustainability Act, Professional Foresters Act and Public Lands Act are available on the Environmental Registry of Ontario (ERO) and on the Regulatory Registry. You can review the relevant bulletins/postings and provide comments using the following links:

MEMORANDUM TO: Municipal Chief Administrative Officers and Clerks

SUBJECT: Ontario Proof of Vaccination Guidance for Businesses and Organizations

As the province continues to respond to the fourth wave of the pandemic driven by the highly transmissible Delta variant, the government is further protecting Ontarians through continued actions that encourage every eligible person to get vaccinated and help stop the spread of COVID-19.

On September 14, 2021 the government released [the regulations](#) under the *Reopening Ontario (A Flexible Response to COVID-19) Act* (ROA) and [guidance for businesses and organizations](#) to support them in implementing proof of vaccination requirements, which take effect on September 22, 2021. Requiring proof of vaccination will help increase vaccination rates, protect individuals in higher-risk indoor settings, and keep businesses open.

This requirement focuses on higher-risk indoor (unless otherwise stated) public settings:

- Indoor areas of restaurants, bars, and other food and drink establishments without dance facilities
- Indoor and outdoor areas of food or drink establishments with dance facilities, including nightclubs and restaurants, clubs and other similar establishments
- Indoor areas of meeting and event spaces
- Indoor areas of facilities used for sports and recreational fitness activities, including waterparks, and personal physical fitness training with limited exemptions
 - Includes gyms, fitness/sporting/recreational facilities, pools, leagues, sporting events, waterparks, and indoor areas of facilities where spectators watch events
- Indoor areas of casinos, bingo halls, and other gaming establishments
- Indoor areas of concert venues, theatres, and cinemas
- Indoor areas of bathhouses, sex clubs and strip clubs
- Indoor areas of horse racing tracks, car racing tracks and other similar venues
- Indoor areas where commercial film and TV productions take place with studio audiences

In addition to the guidance, there is a [questions and answers document](#) to help clarify the requirements for businesses and organizations.

Businesses can contact Stop the Spread information line at 1-888-444-3659 if they have any questions about the guidance.

Compliance and Enforcement

Businesses and organizations are responsible for ensuring they meet the requirements regarding proof of vaccination outlined in the ROA, [O. Reg. 364/20](#) (Step 3).

Patrons are required to ensure that any information provided to the business or organization to demonstrate proof of vaccination or proof of identification is complete and accurate.

Failure of a business or organization or a patron to comply with the requirements in [O. Reg. 364/20](#) is an offence under the [Reopening Ontario \(A Flexible Response to COVID-19\) Act, 2020](#).

As a reminder, for offences under the ROA, police and other provincial offences officers, including First Nation Constables, special constables, and municipal by-law officers, have discretion to either issue tickets to individuals for set fine amounts or issue a summons under Part I of the Provincial Offences Act (POA) or to proceed under Part III of the POA by laying an information.

The 1-800 Enforcement Support Line (1-866-389-7638) and dedicated enforcement email address (EssentialWorkplacesSupport.SolGen@ontario.ca) are intended to provide guidance to policing personnel and other enforcement personnel in relation to the enforcement of provincial orders.

I strongly encourage our municipal partners to work closely with provincial enforcement officers and public health officers to coordinate compliance activities in your communities. To identify opportunities for and to plan coordinated compliance activities in your community, please email Stephen Wilson at: Stephen.J.Wilson@ontario.ca.

Thank you for your support and for joining our shared commitment to work together to protect the health and well-being of Ontarians.

Sincerely,

DR. HAROLD S. TREFRY MEMORIAL CENTRE

Operating under The Corporation of the Township of St. Joseph
Seniors and Persons with a Disability Services

Agenda Item C7

Date: 10-20-21

October 12th, 2021

The Township of Johnson
1 Johnson Drive
Desbarats, ON
P0R 1E0

Dear Mayor and Council:

On behalf of the Dr. H.S. Trefry Memorial Centre and the numerous clients that live within your municipal boundaries, thank you very much for the donation of \$2000.00 towards supporting programs that service seniors and persons with a disability.

Your contribution and commitment to promote these essential programs for seniors and persons with a disability aids in making a significant difference in our capacity to enhance the overall well-being of the residents across the East Algoma Region, and is the reason that so many of them can remain in their own homes, and in their communities.

We value the partnership we have made with The Township of Johnson and are very grateful for the action your community has taken to ensure the continuation and success of the community support programs offered to seniors and those who wish to remain at home.

Kindest regards,

Janet Gordanier
Manager of Seniors and Persons with a Disability Services
The Dr. Harold S. Trefry Memorial Centre
