1.

10. NOTICE OF MOTION:

11. CLOSED SESSION

Personal matters about an identifiable individual, including municipal or local board employees, labour relations or employee negotiations

12. Adjournment:

Landfill

On February 13, 2023 the landfill committee met with members of GFL to review the cost associated with shipping waste from our site. Also, in attendance were the Road Supers and both townships Clerk's.

Johnson Township has clearly stated the current operating costs for the landfill are unsustainable. At the Joint meeting of Councils in June, Johnson Township asked for a review on available options and costs. The current GFL contract costs and method of handling waste at the Landfill, in our opinion is not working well for our community.

A lack of communication and transparency between the two Townships has compounded the current issues. In this, our first meeting with GFL, they have agreed to provide a report on options and costs for waste management moving forward. A follow up meeting is scheduled for March to review the GFL report.
